

Notice! This page describes the *nature of the error* using a hypothetical example and not the erroneous data of the input test file. You should however be able to apply this information to your error case.

General description of the error:

The format of the error message: cvc-complex-type.3.2.2: Attribute "{1}" is not allowed to appear in element "{0}".

Error description in schema standard: <http://www.w3.org/TR/2007/WD-xmlschema11-1-20070830/#cvc-complex-type>

Possible causes for this error:

- Element can have an attribute but the attribute name is invalid.

An example

```
<InstdAmt Cfy="EUR">0</InstdAmt>
```

Error message: Error cvc-complex-type.3.2.2: Attribute 'Cfy' is not allowed to appear in element 'InstdAmt'.

How to fix: The reason for this error can be found out by examining the definition of '*InstdAmt*' from the schema and fixing the attribute of '*InstdAmt*' to be valid against the definition. In this example the attribute of '*InstdAmt*' must be "Ccy" :

```
<InstdAmt Ccy="EUR">0</InstdAmt>
```
