

The UTF8 character encoding standard must be used in the XML messages.

The Latin character set, commonly used in international communication, should be used in order to verify that bank does not reject the payment. Characters not included here may be used, but bilateral agreement with bank should be made before including them in the payment message.

CFONB allows the following characters:

a b c d e f g h i j k l m n o p q r s t u v w x y z
A B C D E F G H I J K L M N O P Q R S T U V W X Y Z
0 1 2 3 4 5 6 7 8 9
/ - ? : () . , ' +
Space
