

If used, the national standardized reference has to be filled in this field. Reference must start and end with three "+"-character. Between plusses there has to be 12 digits.

Example reference: <Ref>+++312401398067+++</Ref>

The Reference contains a 12 digit structured communication, with the last 2 digits as check digits (modulo 97) of the first 10 digits; but if the result is 0, then the check digits are 97.
